Dear Dr. Drazenka Pongrac Barlovic,

Greetings from Journal of Kidney,

I am pleased to inform you as an **Executive Editor** your responsibilities include:

- Calling initial articles from editorial board members
- Solicit a steady stream of articles on a regular basis together with other editorial board members
- Adding peer-reviewers to the peer-review database
- Assigning peer-reviewers to the respective articles
- Oversee the peer-review process and making sure that reviewers respond within the deadline
- Ensure the quality of published material through peer-review, own comments, and editing
- An editor must have superior skills to ask for revision without the reviewers' decision and if needed, should be able to rewrite poorly written manuscripts.

I would like to inform you that your support and expertise knowledge could help the journal in maintaining its high standards and quality.

So, I humbly request you to join the editorial board of Journal of Kidney.

With regard,

Anissa Andrews

Editorial assistant
