I'm Abdolreza Esmaeli, I was born on march 30, 1973 in Amol, Islamic Republic of Iran. I got BSc, MSc and PhD degree in Electrical Engineering in 1995, 1998, 2005 from Iran University of science and technology, Amirkabir University of technology (IRAN), and Harbin Institute of Technology (CHINA), respectively.

I published about 11 books, 100 conference papers and 50 Journal paper.

Also I worked on waste management in nuclear issue and I have about 10 years' experience in Health Physics and Environmental study.

My research interests are: Power electronics, Electromagnetic compatibility, Radiation protection and High background radiation areas, Fusion energy and Environment, Nuclear waste management and Geographic information system.

one of my photos is attached.

Best regards

A. Esmaeli, PhD

Assistant Professor

Plasma and fusion research school, Nuclear and Science Technology Research Institute, Tehran, Iran.

Lecture of Islamic Azad University, Saveh Branch
