Dear Gracia,

I don not mind carrying on but it would be useful to have a better line of communication since I am never sure if queries which are passed onto me are dealt with in a timely manner. I recently sent in a problem from Dr Brian Wisdom about a fairly serious matter of him named on a published paper which he knew nothing about. The reputation of a journal takes a long time to build up but can be ruined in a very short period of time.

Subject: Editorial Board Confirmation

Dear Dr. ANDREW CHRISTOPHER BENNISTON,

Warm Greetings from our Journal of Analytical & Bioanalytical Techniques

Hope you are doing well

It's a great pleasure to express our indebtedness to the eminent experts like you who are serving a prestigious role as an Editorial Board member for our esteemed journal.

In order to increase the Journal visibility among the scientific community, we are hereby revising the Editorial Board of the Journal. So members can send their acceptance to continue as the Editorial Board member or else can withdraw their membership by sending a confirmation email saying that "you are not interested".

We will look forward to receive your response **within 48 hours.**

Please cooperate to keep up the Journal standards.

Wishing a long lasting scientific relationship for the benefit of the scientific community

Thank you very much for your constant support

Regards,

Gracia S. Oliver
