Importance: High

Dear Balaji Jayakumar,

Greetings from the Journal of Remote sensing & GIS!

Thank you for the interest.

This is to inform you that we checked your Resume and appreciate your achievements.

But there are some responsibilities being an Editor. First and Premium responsibility is to be quick with your decision. You need to be Active for all sort of decision with respect to articles. You have to take decisions if your appointed as Editor for any article.

If you consider all these qualities then kindly mail us for acceptance.

We will be waiting for your positive response.

Best Regards,

Elena Evans

Editorial Coordinator

Greetings from the Journal of Remote Sensing & GIS

It gives us immense pleasure to invite you and your research allies to submit a manuscript for the Journal of Remote Sensing & GIS which aims to publish the quality research work. The level of intricacy shown by you in your work makes us even more proud, and we believe that your works should be known to mankind.

Papers may be submitted from any discipline related to Remote Sensing, Geographic information system Geodynamics and suggested content areas which include but are not limited to the following classification.

* Cartogram * Remote sensing agriculture

- * Geodesy
Response Patterns
- * Spectral
- * Geoinformatics
- * Remote sensing techniques
- * Geophysics
- * Remote Sensing of Environment
- * Geovisualization
Sensing
- * Lidar Remote
- * Radiometry
- * Cartography

And many more that comes under the umbrella of Journal of Remote Sensing & GIS.

We strongly believe that your contribution to this issue will bring some momentum to solicit the articles for our journal.

Waiting for your positive response. Also let us know if you are suitable to join as an editorial board member for our journal. Please send us your submission now.

Submit manuscript at:

<http://www.editorialmanager.com/engineeringjournals/default.aspx>

Mail us at: editor.jgrs@omicsinc.com or
