Dear Mrs Melissa!

I am honored to receive the invitation for the editorial board membership. I checked the Journal link and it's really interesting.

My research area mainly in the field of schizophrenia, community psychiatric treatment, medication non-adherence, dual diagnosis, alcohol addiction, aged care and dementia,...

However I would appreciate very much, if you could describe in more detailed way what is expected from me if I accept the position of Editorial board member.

Looking forward for your answer.

Most Kind Regards!
