Dear Journal Coordinator,

I would like to continue as an Editorial Board Member for the prestigious journal, **Dentistry**, a renowned periodical in dental sciences and allowing the journal to display my affiliation details at journal's website.

I am happy to render my continuous support and suggestion(s) for the betterment of journal in favoring the dissemination of scientific knowledge for the respective research community.

Best wishes,
Regards,

Suggestion or proposal:

Best wishes to the journal for publication of quality articles in the field of Dental Research. I would like to mention that it is vitally important to: 1. Increase the journals' reputation across the dental community; 2. Attract more good quality papers (original or review articles) since the current standard of the papers are sometimes not to a sufficiently high enough standard; 3. Find sponsorship to support the journal and to reduce the publication fee, in order to attract more authors; and 4. Organize regional / international meetings in basic & translational dental research, either in a form of forum or conference, to advertise the journal.
