

As requested, the new format files. The first one (cover letter) is about the article. The other files are about the Editorial Board. I hope that they will work.

Thank you again.

Daniele.

Dear Alex Stewart,

Thank you for your proposal that I accept with great pleasure. If you agree, I could immediately send you a case report that I have already prepared. This is a unique case of a double hidden zone migrated herniations. Moreover I tell you that for me it would be a real honor to become part of your editorial board. Let me know what do you think about both the requests. Thank you again for the opportunity.

Cordial greetings,

Daniele.
