Subject: Re: Decision About continuing as Editorial Board member!

Dear Sushee of **Journal of Aquaculture Research and Development** Editorial Office,
I was interested in being part of the Journal Editorial Board as my research field is highly linked to aquaculture and hoping that the journal could have a certified impact factor and could be visible on PubMed in a short time. I have sent you a couple of Editorial papers in these years but, at the moment, I have no time for a new one. Therefore, I have no problem if you decide to remove my editorial board membership.
Best regards
Francesco Buonocore
