

Dear Editor-in-Chief,

I am writing the letter to wonder if I have such an honor to be the reviewer for your journal. I have already published more than 10 papers as the first author in tumor-related field. I am very familiar with tumor molecular biology and molecular pathology. I am also a doctor and good at design of clinical research. I am a hard-working, honest and efficient person. If I have an honor to join in your editor board and be your reviewer, I will do my best to finish the work you have delivered to me.

Attached here is my CV and I am looking forward to hearing from you soon!

Best regards,

Fei Han, MD, Ph.D

Division of Radiological Sciences,

Washington University School of Medicine
