Dear Daya,

thank you for your email.

YES, I'm still interested to serve as a member of the editorial board.

Could you please also change my affiliation details in the journal's website here: <http://www.omicsonline.com/open-access/editorialboard-innovative-energy-policies-open-access.php>

The position I have now is **Researcher in Piraeus University of Applied Sciences** (<http://www.teipir.gr/index.php/en/homepage-en/tei-profile>), which is located in Aigaleo, Athens in Greece. I also hold a part time **Adjunct Tutor** position of the MSc programme **Environmental Conservation and Management**, of the **Open University of Cyprus**

I hope these 2 affiliations to replace my current affiliation in the website

Thank you in Advance,

George

Dear. Georgios Xydis,

Greetings from the INNOVATIVE ENERGY & RESEARCH

I wish this mail finds you in good health.

Thank you for serving as an Editor for our Journal. We are in a view to expand and modify our services to the major population of the scientific community. In this context, I would like to know if you are still interested to serve as an editorial board member for the journal. I would greatly appreciate if you tell me your decision **(YES OR NO)** as a reply towards this mail.

Awaiting your prompt response

Regards

Daya
