Dear assistant editor Samuel Felix, thank you for your offer. I'm editor board member of other journals related to social marketing, public policy and non profit marketing. My thesis was about social marketing for recycling, 12 years ago and I would like to be of help...but I'm very busy and neither I know the amount of time you will demand from me nor we have met before to talk about it nor your editorial line, mission, culture nor the benefit of being member nor if our professional profiles match well each other... Apologies for being perhaps too sincerer. If you like as a way to introduce ourselves, attached you can find a photo of mine and two CV versions. Sincerely. Gonzalo
