I feel very honored for your kind invitation, and I would accept gladly. Before this, I wish to let you know that now I am 87, I still maintain my office in our Children's Hospital, I am Expert Evaluator for the European Union since 1996, and I collaborate with an Editor of New York since a long time. I send you my CV. In 2014 I entered in the history of Pediatrics, and in Wikipedia.

I wait for your decision.

Best wishes, Luisa
