

Greetings!

I hope all is well at the JADPR. I have enjoyed serving as an editor. I have been in job transition and I am currently an Assistant Professor teaching Microbiology at Miami Dade College. Please update my profile on your website. I have attached a new CV, image and biosketch. Please let me know if there is anything further you need from me. Please send all future correspondence to my new email address at [mmadison@mdc.edu](mailto:mmadison@mdc.edu). Please feel free to crop the image if needed.

best regards,

M. Nia Madison, PhD  
Assistant Professor  
Department of Mathematics and Natural Sciences

Miami Dade College  
Homestead Campus  
500 College Terrace  
Building B, Room 124,  
Homestead, FL 33030  
Office phone: 305.237.5208
