Subject: Accepting the Editorial Board Member position of Journal of Pharmaceutical Care & Health Systems

Dear Journal Coordinator,

I would like to continue as an Editorial Board Member for the prestigious journal, **Journal of Pharmaceutical Care & Health Systems**, a renowned periodical in Pharma research and allowing the journal to display my affiliation details at journal's website.

I am happy to render my continuous support and suggestion(s) for the betterment of journal in favoring the dissemination of scientific knowledge for the respective research community.

Best wishes,

Regards,

Name: Mohamed Ahmed Ahmed Moustafa

Designation: Chairman and Professor of Pharmaceutical Chemistry

Current Affiliation: Faculty of Pharmacy, King Abdulaziz University

Country: Saudi Arabia

Suggestion or proposal:

Best wishes to the journal for publication of quality articles in the field of Pharma research. I would like to mention that the implementation of pharmaceutical care in the health care centers in most of the middle east countries is continuously facing too many problems either due to absence of necessary legislations that should be approved by the ministries of health and the resistance and/or "ignorance" of other members of health care team by the importance and outcomes of pharmaceutical care to the patients in one side and the whole health services on the other side. It would be of great value if a campaign is conducted through conferences, workshops and research for enlightenment of this issue.
