Dear Ramju, Editorial Coordinator, SNDS

Hi,

Thank you for your post,

Indeed I'm currently doing research on WSS.

Therefore, I'll be glad to join the editorial board of your SNDC journal, This is the only way to connect to your journal and submit papers in the near future.

Moreover, I'll do my best to increase the international visibility on a global scale, and promote your journal among students, professors, researchers and peers worldwide.

Should you need further details, do not hesitate to e-mail me.

Take care,

Thank you,

Warm regards,

Mokhtar Beldjehem, P.-Eng., M.Sc., Ph.D.
University of Ottawa, Canada
