Suggestion or proposal:

I would like to mention that your hard work and dedication have made the journal a quality publication venue for scholars and students in the fields of hospitality and tourism management. A minor suggestion, if I may, is to provide clear guidelines and expectations for the editorial board members. Occasionally, I will receive emails requesting papers that are due in one or two weeks. However, it is difficult to write a good quality of paper in such a short period of time, especially when you have a heavy teaching load. It will be great to have a least six months or up to a year to prepare for the manuscript. In all, best wishes to the journal for publication of quality articles in the field of tourism and hospitality research.....
