Subject: RE: Editorial Board Confirmation

Dear Dr. Jose;

Thank you for your response and your offer for me to remain in the Editorial Board. I appreciate it, and I agree to do so. Please note however that I had no paper to manage in Computational Chemistry so far.

I have also just received (and for the third time) the message below from em@editorialmanager.com, regarding a manuscript far away from my field of expertise. Could you please make the necessary corrections?

With many thanks;

Nohad Gresh
