Dear Sir/Mam,

Currently, I am working as a post-doctoral research fellow at the University of Michigan, Pulmonary and critical care medicine, 1150 west medical center drive, 6301, MSRB III, Ann Arbor, Michigan-48109, USA. I am willing to join your journal as a reviewer.

I have 10 years of experience in the field of Asthma, allergy and immunology, population genetics, data analysis, epigenetics and bioinformatics. I have also reviewed more than 10 research article.

I was wondering if you could help me with that. I will be very happy to review articles for your journal, or if you could consider me as an associate editor or editor member, if I qualify. However, I will be very happy to review articles for your journal.

Please find my CV attached with this email. I am also attaching few thank you emails, that show I have reviewed articles before. Please also find the links of my professional profile below for your consideration.

I apologize for any inconvenience caused and I would be grateful if you could help me with this. I would be happy to look forward for the favorable outcome.

Thanking you

Sincerely,
Priya Tripathi,
