Subject: Hair Therapy Journal: Submit your manuscript

Dear Dr **Xiaowei**,

Greetings from **Journal of Hair Therapy and Transplantation!!!**

Hair Therapy and Transplantation is a peer reviewed medical journal that includes a wide range of fields like **Androgenetic Alopecia, Congenital Hypotrichosis, Congenital Alopecia, Female/Male Pattern Hair Loss and related topic**. Articles published in our journal will be indexed in **Index Copernicus, Google Scholar, Open J Gate, Genamics JournalSeek, RefSeek, Hamdard University, EBSCO A-Z, OCLC- WorldCat, SciLit - Scientific Literature, Publons**.

We have gone through your profile and articles which you have published. Your area of interest is suitable for our journal and it will help you also to broaden your scientific research. It's a great honour for me to consider you as potential author; based on your previous exceptionally well written article entitled **"Isolation and Culture of Neural Crest Stem Cells from Human Hair Follicles"**. It was an objective look at the issue, so we would like to invite you to contribute a manuscript for consideration and publication in upcoming Issue of Journal of Hair therapy and Transplantation (**Volume 7 Issue 1**).

You can submit an **article (Research, review, Commentary, case report, short communications, conference proceedings or clinical/medical image, etc.)** for the issue.

You may submit your paper by e-mail at editor.htt@omicsonline.org or online at <http://www.editorialmanager.com/medicaljournals/default.aspx> by **February 25th 2017**, so that we could process it for the upcoming Issue. If it is not feasible for you at this time, then please let me know your feasible time to contribute.

Note: If you are interested in being an Editorial Board Member for this journal, you can send your CV (Biography, Research interest).

Your submission is valuable to us.

I request you to kindly respond in this regard.

With Regards,

Anna Melisa

Journal of Hair Therapy & Transplantation
