Cultural Tourism enables Tourists to enjoy, explore and appreciate the environment that surrounds them. If more people Traveled, Explored and met others from different Cultures this World would be better understood and a happier place.

Festivals and Events in areas are an excellent way to learn about different Cultures, enhance the Visitor experiences and boost the local Economy. There are Street Art Events, Creative Food Scenes and a thriving downtown from which I'm from. Many locals and Tourists attend these ongoing events. Art and Culture helps to make sense of the World around us. Thequirkytraveler.com [1] Invest in a Tour Guide when visiting foreign Countries because they are able to give information on specific tours and events Tourists may be interested in.

Cultural Tourism is very popular in Historic and Large Cities and their Cultural Facilities such as Art Galleries, Museums and Theatres. Key Benefits to Cultural Tourism is Socio-Cultural, Economic and

Environmental [2]. New York and Paris, France have a massive flow of tourists, a vibrant Cultural Scene, large Art Communities, major Tourism Attractions, and diverse groups of people living there.

Everyone should have some type of curiosity about this world, the lifestyle of the people, their History, Religion, Art and other components that make up this Earth.

Start exploring, learning and experiencing other Cultures. Reflect on your beautiful experiences once your adventure is over.

Happy and Safe Travels!

Sherri Scott.
